

BUSINESS MEN FAIL TO GRASP MEANING OF BOWDOIN'S WAY

Bainbridge and Donaldsonville Will Make Fight Before Georgia Railroad Commission, According to Telegrams.

Business men generally are at a loss to understand why Asst. Supt. J. A. Bowdoin of the Atlantic Coast Line should make statements regarding the attitude of Georgia politicians in the matter of taking off the Bainbridge trains, which statement are emphatically disproved by telegrams from these people themselves. In his effort to create sentiment in favor of taking the trains off, the assistant superintendent has stated that Bainbridge and Donaldsonville were in favor of taking the train off or that at any rate they would offer no objection. Quite the reverse is borne out by telegram last night from the Board of Trade of Bainbridge and W. H. Van Landingham the Donaldsonville banker. Both of these places say they will send delegations to protest before the Georgia Railroad Commission, which body give the Georgia people an opportunity to be heard. Mr. Bowdoin also took issue with the statement of Franchester Hester, printed in a Dothan paper, to the effect that the Alabama Commission had granted the discontinuance of the Abbeville-Bainbridge trains insofar as such trains are operated in Alabama. The trainmaster's statement, however, is verified by Secretary S. P. Kennedy of the Alabama Railroad Commission, who like Bowdoin, seems to have been fully misled in his information according to the documents in evidence on file in Dothan and which are copied below.

The Telegrams.
Dothan, Ala., Oct. 10, 1914.
Hon. Chas. Henderson, Chairman, Railroad Commission, Montgomery, Ala.

Please wire if Coast Line seeking annulment of Dothan-Bainbridge train. If so, Dothan would like to be represented at hearing.
(Signed) Chamber of Commerce of Dothan.

(Letter)

Railroad Commission of the State of Alabama, Montgomery, Ala., Oct. 12—File 621.

Dothan Chamber of Commerce, Dothan, Ala. Gentlemen—Your telegram of the 10th received this morning, and I beg to advise that this

Commission, up to the present time, has had no request for the discontinuance of the service referred to.
Your very truly,
(Signed) S. P. Kennedy, Secretary.

(Telegram)

Montgomery, Ala., Oct. 13, 1914.
Dothan Chamber of Commerce, Dothan, Ala.

Your telegram, my letter of twelfth in error. The Commission has authorized suspension for the present of the Abbeville passenger train service referred to by you.

S. P. Kennedy, 9 55 a. m.

To Get Straight of It.

After Mr. Bowdoin's call yesterday morning, Secretary Cobb sent the following telegram:

Dothan, Ala., Oct. 11, 1914.
S. P. Kennedy, Secretary Railroad Commission, Montgomery, Ala.

Please wire specifically if permission has been granted for annulment of Abbeville-Bainbridge trains between Dothan and Georgia State line, or any train touching Dothan.
Commission Denies Bowdoin's Statement.

Notwithstanding the statement of J. A. Bowdoin made in the presence of three reputable citizens that the Alabama Commission had not given permission to take off the Bainbridge train, the following telegram, received at 27 Wednesday afternoon, shows that a local officer's statement was correct, and that his superior was the one whose information was erroneous.

The Telegram.
Montgomery, Ala., Oct. 14, 1914.
Dothan Chamber of Commerce, Dothan, Ala.

Atlantic Coast Line has been permitted to discontinue what is known as the Bainbridge-Abbeville train insofar as such train operates within the State of Alabama.

S. P. Kennedy, Secretary.

Dothan people, are wondering how Mr. Bowdoin can attempt to justify his statements in the face of the documents, copies of which are given, the originals of which are on file in the offices of the Chamber of Commerce.

This Fails to Jibe

Superintendent Bowdoin stated to Secretary Cobb in the presence of Messrs. Eischen and Hall that the Bainbridge Board of Trade had not only said that that body would not

LOOK FOR PEACE SOON IN MEXICO

Washington, Oct. 15—Peace in Mexico will be obtained in a few days with the selection of either Bernardo Calderon or Antonio Villarejo or Eduardo Hays as provisional president according to confidential diplomatic dispatches received today.

These state that Carranza has stepped aside as provisional ruler and even may withdraw as a candidate for elective presidency. The crisis on the border has passed. Governor Huert had decided not to send the Arizona militia there.

MAN REPORTED BITTEN BY RATTLESNAKE TODAY

There was a report reaching Dothan today that J. A. Blackman who lives on the Chocomauchie river near Midland City was bitten by a rattlesnake this morning and was not expected to live. The news came to J. J. Kelly, son-in-law of Mr. Blackman, who is attending court and he left immediately for the Blackman home.

interpose any objection to taking off the trains, in fact that they would help the road in its effort to take them off.

Bainbridge Denies It

The following telegram shows that there is a diversity, to say the least, of opinion between the railroad superintendent and the Bainbridge Board of Trade.
(Telegram)

Dothan, Ala., 11, 1914

Secretary Board of Trade, Bainbridge, Ga.

Superintendent Bowdoin says your commercial body does not object to annulment of Dothan-Bainbridge trainings. Wire quick.

Dothan Chamber of Commerce

The Reply.

Bainbridge, Ga., Oct. 14, 1914.
Dothan Chamber of Commerce, Dothan, Ala.

Board members overruled Secretary and will send attorney and delegation to Atlanta to oppose taking off of Dothan short train. Will be glad to have your assistance in fight. Hearing Thursday. All towns along line in Georgia will have representatives.
(Signed) Bainbridge Board of Trade.

Donaldsonville Sails It

Yesterday afternoon Secretary Cobb wired Mr. W. H. Van Landingham the Donaldsonville banker as follows: Mr. Bowdoin having said that Donaldsonville would not object to the taking off of the trains in question.
(Telegram)

Dothan, Ala., Oct. 14, 1914

Superintendent Bowdoin says Donaldsonville does not object to suspension Dothan-Bainbridge trains. Wire quick.

Dothan Chamber of Commerce Says Gross Misrepresentation.

Mr. Van Landingham telephoned Secretary Cobb at 8 15 last night as follows: "Mr. Bowdoin grossly misrepresents us. The fact is ninety percent of our people are against taking the trains off. Many have signed petition, and I will go to Atlanta tomorrow night with delegation to protest. Our Commission gave us a chance to be heard."

SHIPPER'S WANT NEEDED RELIEF

Petition Signed By Dothan Shippers Forwarded to General Superintendent R. A. McCrindle, of Atlantic Coast Line.

Shippers of Dothan have made complaint through the Chamber of Commerce of conditions at the Atlantic Coast Line depot after having taken up the question with Asst. Supt. Bowdoin. The complaint is that in rainy weather owing to the lack of a shed over the freight platform it is almost impossible to prevent shipments from getting wet with the result that shippers are often given bills of lading marked "wet" which of course is unsatisfactory to the shipper and consignee alike and is looked upon as a hardship of which should be relieved. Mr. Bowdoin stated that the present is no time to make improvements which is true but the expenditure of a few dollars now will be found by Mr. Bowdoin's company to be a profitable investment.

A petition generally signed by Dothan wholesalers and shippers has been forwarded to General Superintendent R. A. McCrindle at Savannah asking relief.

"HARVEST DAYS" OPENING AT Saxon Board Dry Goods Company

This display is different from anything ever seen in Dothan. This store with its floor space doubled and broad ideas presents a beautiful scene with its decorations of harvest and new fall merchandise of every description are displayed together with very charming effects.

In the front of the store between the doors stand a hall of cotton decorated with long stalks of green cotton and a big watermelon apples, potatoes and cukes of corn. Down the middle section of the store, two big white columns were entwined in autumn vines. On these motion showing corn stalks were standing all bundled together the same as you see them in the fields and along the edge were pumpkins corn in the shuck large bunch of potatoes large sweet potatoes, pears, apples and citrons and autumn, all this there was draped beautiful silks. The same effect was carried out on both sections of middle shelves. Over the dress goods showing there was a basket of cotton turned on its side with the cotton falling out on the shelves. There was also several stalks of cotton standing, and the pretty dress goods and silks with the dozens of pumpkins gourds etc. with here and there a pretty fern made indeed a most pleasing decoration.

Never has this good store shown as pretty silk dress goods, etc. as are in evidence at this opening. The second floor decorations is carried out with very much the same ideas. The millinery display is unusually attractive. The only trouble is knowing which to choose for each hat is all that one could wish for. On this floor there was a display of coat suits of every style and character from the plain tailor made effects to the most elaborate models.

The costumes are so tastefully selected that a customer has difficulty in knowing which one of the beautiful creations she wants. It is needless to say that this op-

FIGHT OPENS FOR RELIEF COTTON GROWER

Washington, Oct. 15—Senator Hoke Smith opened the fight in the senate today for the relief of cotton growers when he spoke in favor of an amendment to the war tax bill providing a government bond issue of two hundred and fifty million dollars to buy five million bales of cotton. Senator Smith and other Southern senators are determined to get action before adjournment.

President Wilson today signed the Clayton anti-trust bill.

PORTUGUESE ARMY MOBILIZING.
Madrid, Spain, Oct. 15—Partial mobilization of the Portuguese army began today.

IMPORTANT TO ALL WOMEN.
READERS OF THIS PAPER

Thousands upon thousands of women have kidney or bladder troubles and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing, down feelings, headache and loss of ambition. Your health makes you nervous, irritable and may be despondent. It makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine possesses healing, rest healing, and curative value should be a blessing to thousands of nervous, overworked women.

Many send for a sample bottle to see what Swamp Root the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper who has not already tried it by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., may receive sample size bottle by parcel post. You can purchase the regular fifty cent and one dollar size bottles at all drug stores.

ending, was well attended. The Harvest Days display is out of the usual and is quite the most elaborate and prettiest ever attempted in Dothan.

Armies In Combat On Belgian Soil

Paris, Oct. 15—Allied and German armies which have been maneuvering behind the screens of clashing cavalry on the Belgian border, are now engaged in an important combat on Belgian soil. German are vigorously attacking Ypres and battle line stretches through central. Allies are fighting to hold back the Germans from French and Belgian coast line.

The German objective is evidently Dunkirk and Calais. The invaders are also attacking Lens and Roye. Official dispatches dated Wednesday and just received, say Allied position is growing more satisfactory.

England Is In Dread Of German Invasion

London, Oct. 15—Fear of German invasion of England struck home today when it was officially admitted that Ostend was evacuated by Belgian and English forces. At the same time, unofficial reports received of heavy fighting near Dunkirk. France on the Straits of Dover.

Press criticism of the government continues. The London Times calls on the government to instruct the people what to do when invaded of heavy fighting near Dunkirk comes.

Russians Deny Claims Of Austrian Victory

Petrograd, Oct. 15—Eighth day of the great battle of the Vistula found no decisive result, according to an official statement which says the situation continues favorable to the Russian troops.

Austrian claims of victory in Galicia is officially denied. The war declares Austrian announcement of victory at Przemyśl and the capture of Lemberg are wholly untrue.

MOUNT PLAY FAIR.

The Atlantic Coast Line is going to find out that this community that gives the road more business than any other between Montgomery and Jacksonville is going to be heard when matters affecting the community's interests come up.

The recent request by the road for the railroad commission to allow them to take off the Dothan-Bainbridge train and that without consulting the patrons of the road in this community, is a fair sample of the "handout" Dothan has been receiving from this road.

And to cap the climax of the road's insolent treatment of Dothan territory the assistant superintendent says that this is no time to consult the people in regard to taking off a train.

Well, maybe this is not the time, but it is very near it as you are going to find out. And you are going to have to play fair with the people too, Mr. Superintendent. You will find that misquoting people in the territory to carry your point is another is not going to work, in fact, it has already failed to work in this instance.

The patrons of the road in Georgia do not want the train taken off and both Bainbridge and Dothan will have representatives before the Georgia Railroad Commission to protest.

It seems that the gum-shoe methods adopted here were not used in Georgia so the road mustered up enough consideration for them to give notice that an application would be made to the railroad commission allowing them to take off this train.

Dothan territory wants nothing but fairness and at least polite consideration when her interests are at stake. AND SHE IS GOING TO GET IT.

NOT EUROPE WANTS NO COTTON.

Just at this time Europe is sending big orders to this country for our product. France has ordered one million shirts from a New York maker for her soldiers. Another order has been placed for one million more. The demand for cotton is higher than ever before in the history of the world. The price of cotton is slow, but it is going up.

There is much cause to see that the cotton of the 1915 season will be of a better quality than the cotton of the 1914 season. The cotton of the 1915 season should now be on the market and buy of it. It is a good thing to sell. It can be sold for much cheaper than it can be bought for. It is agreed that the cotton of the 1915 season should be sold for about ten cents a pound.

A married man, a folding bed and an umbrella are in the same fix. Life is a long round of put up and shut up.

If all the money that married men have promised their wives in the last 10 years and that their wives didn't get, was piled up in one place, the pile would make the Alps look like a goat hill.

If the man who didn't know it was loaded would turn the muzzle of the gun toward himself instead of toward an innocent bystander, the foolkiller could take a much needed vacation.

The woman who never does anything that the neighbors can gossip about is almost the most unpopular dame in the neighborhood.

A man hates to be called a liar. But away down in his heart he knows that if he told the truth and nothing but the truth for an hour, his wife would have a hard time identifying his remains at the morgue.

The man who keeps his change in a little purse always acts as if he hated to open it. And, on the other hand, there is the fellow who regards a dollar saved as a good time lost.

The only time a man is willing to give tea for one is when he is swamping kisses with a pretty girl.

The reason why a dog is called one of the lower animals is because he doesn't pretend to like a man he doesn't like.

WORK FOR THE MAKING OF HEALTH.

Extensive alterations in the social and industrial conditions of large groups of individuals almost always incidentally bring about changes in their hygienic situation. As a general rule, when the changes are in the direction of what we regard as social betterment the conditions of living are improved, sanitation is cultivated in greater measure, and the promotion and preservation of health follows as a natural consequence. A study of such movements reveals the advantages, from the point of view of both public and personal hygiene, that have followed the pure food crusades, the campaign against alcoholism, child welfare innovations, investigations of institutions in respect to hours of work, factory inspection, etc.

There are, strange as it may seem at first thought, certain modern industrial changes which carry with them detrimental features that are not apparent on the surface. A growing group among whom the amount of muscular work done is small in comparison with the daily activities of their ancestors is coming into existence. We are not referring here to the fact that shorter hours of work have everywhere become the custom—that the blacksmith who formerly toiled twelve hours now completes his working day in eight hours. The changes which we have in mind here are a consequence of altered methods of conducting business with the modern extension of commerce. Machinery has replaced muscle. The development of the industries by machinery has called for a different type of human working power in which skill rather than strength is required. As a modern writer has expressed it, the bodily qualities of the worker have been forced by the employer more and more into the background of valuation. Industrial factory work requires not so much strong men as persons who can perform with skill the many small tasks which the machines

have so far not been able to perform. Hence the tendency to employ children, half-grown persons and women.

More significant than this is the fact that the number of those who do little manual labor has increased greatly. This is an era of workers of business and governmental officials whose implements are the desk, chair, pen and pencil, rather than the hammer and the hoe. Even in agriculture machinery has eliminated some of the hardest types of manual labor. Muscular exercise, however, is a benefit rather than a detriment to the human economy, says the Journal of the American Medical Association. It improves the function of the essential organs of the body. Hence there has arisen an unexpected consequence, namely, the habit of trying to avert the possible harmfulness of some of these changed conditions by "balancing the lack of paid muscle work for hygienic reasons, by play and sport." The creation of work for the sake of health sounds almost paradoxical.

HOMER M'KEE'S PRAYER

Teach me that sixty minutes make one hour, sixteen ounces one pound, and one hundred cents one dollar.

Help me to live so that I can lie down at night with a clear conscience, without a gun under my pillow and unharmed by the faces of those to whom I have brought pain.

Grant, I beseech Thee, that I may earn my meal ticket on the square, and in doing thereof that I may not stick the gulf where it does not belong.

Deafen me to the jingle of tainted money and the rustle of unholy skirts.

Blind me to the faults of the other fellow, but reveal to me mine own.

Guide me so that each night when I look across the dinner table at my wife, who has been a blessing to me, I will have nothing to conceal.

Keep me young enough to laugh with my children and to lose myself in their play.

And then when comes the smell of flowers, and the tread of soft steps, and the crushing of the hearer's wheels in the gravel out in front of my place, make the ceremony short and the epitaph simple: "HERE LIES A MAN."

WE'RE OFF.

The majority of the names on Butler's petition to get his name on the ticket as an independent candidate for sheriff, were not former Butler supporters. They voted for Henry Nichols, who was the third man in the race. This would indicate that Butler is second choice. Had they gotten out and worked then for Butler, he might have been the nominee, but they saw fit to support another man, who was defeated and now they come out and bolt the nominee, totally disregarding Democratic principles and practices.

Sheriff Hay and Superintendent of Education Odom, who have been the beneficiaries of the Democratic party in this county, both of whom expressed their loyalty to the party when they were candidates, now turn their back on their friends, and their party. That is, we presume they have, else they wouldn't have given encouragement to the independent candidacy of Mr. Butler. We know of no one who would sign his petition to run as an independent candidate that wouldn't stand by him all the way through. To sign his petition to enter as an independent candidate gives endorsement to such a candidate. Then, we have a number of city officials who now renounce Democratic precedents, and

then, a few Republicans, joining in to slaughter the Democratic nominee. Surely their obligations rest lightly upon them, as they roll up their sleeves and shed their cuffs preparatory to a lesson in political legerdemain. Will we hear from any of the signers in the future? Will they come before the people and ask to be trusted again in a political race? Will they give bond to abide the decisions of the party?

This campaign is being financed largely from Pensacola. The hand has been writing on the wall and the feast of Belshazzar has been quietly proceeding by the hosts of the invited few. No Daniel is needed to interpret the writing. The whiskey interests see no chance to continue fleeing the people of this county if the present Democratic nominee is elected. They want a man whom they can be depended upon to continue the business as it has been run in the past. They have distributed the dough, and expect to buy, outright, enough votes to put their man in. It would be cheap at twenty thousand dollars, and counting the four years, it would possibly be cheap at a hundred thousand dollars, and money will talk like a sideshow spell. That is what this campaign means: the votes are to be bought if money will buy them. The machinery is put in operation.

The wholesale whiskey dealers from Pensacola will run this campaign from long distance. They will put up the money, and it will be handled here by competent lieutenants.

**PROHIBITION, PROGRESS,
PROSPERITY, NORTH DA-
KOTA'S WATCHWORDS**

By Kate S. Wilder.

No measure upon our statute books has been of so much value to the state at large as our splendid prohibitory law. Men in every line of business are united as to its great benefits.

The mayor of Grand Forks, our second city, said not long ago that he spent five months and \$500 to defeat prohibition in North Dakota. "But," he continued, "if the question were to come up again I would gladly spend five years and \$5,000 to help keep the law."

The testimony of the hundreds of

the best business men of North Dakota might be added to the above but the rural districts have, perhaps, benefited even more than the towns. Many of our counties can say with Hanson county, "There are no prisoners in the jail in our county and we have no poorhouses."

At the time Dakota Territory was divided, and North and South Dakota were admitted to the Union in 1889, South Dakota had so much larger population that it seemed North Dakota would always be behind in every way. However, we voted for constitutional prohibition, while South Dakota kept its saloons. We have overcome all our handicaps and sincerely wish that our sister state may adopt prohibition that she may gain as rapidly as we have

done. Our boys and girls have grown to maturity without having seen a legalized saloon. Instinctively they think of the liquor business as an outlaw. For them it has no glittering allurements, for the blind pig must be kept in a very secluded place to escape the Enforcement League officers.

We have heard our former friends contrast the Sunday of old days with the Sunday of today, very much to the advantage of the latter. A large number of workers drift into our state each summer to help move our bounteous crops. In olden times these drifters would spend Sunday in the nearest small town and drink at its saloon. Fights ensued and "bad blood" was engendered that too often led to

crime. The laborer spent his money and, if nothing worse happened, his employer usually lost his help for Monday.

In the days before prohibition, in fear and trembling, the wife on the farm, which was miles from the next neighbor, used to let her husband, hungry for companionship, go to town. Many have there been who waited on winter nights for the one who never came, and who was found the next morning frozen to death, having lost his way because he had been drinking.

Our farmers' wives are now happy, bright-eyed women; they have telephones, rural mail delivery and fine roads. One town in our district, which boasted an automobile for every thirteen inhabitants, was outdone the day following by another town, which had immediately counted theirs and discovered one for every seven.

North Dakota's verdict is that it is better to raise children away from all that degenerates; that it is better to buy pianos, books, carpets and automobiles than it is to buy whiskey; that it is better to send young folks to school and college than to workshops to support drunken parents.

Why CALUMET BAKING POWDER Is Better

It is not alone the wonderful raising qualities, or the certainty of results, or the purity, or the uniformity, or the economy, that is rapidly making Calumet the most popular Baking Powder. It is the perfect combination of all of these things.

You need only to use Calumet once to make you a constant user. Ask your grocer today—test it in your next baking. Insist on Calumet.

"MY AUTO 'TIS OF TREE."

My auto, 'tis of thee, short cut to poverty—
Of thee I chant.
I blew a pile of dough on you two years ago,
And now you quite refuse to go.
Or won't or can't.

Through town and country side, you are my joy and pride;
A happy day,
I love thy gaudy hue, thy nice white tires so new,
But now you're down and out for true,
In every way.

To thee, old rattle box, came many bumps and knocks,
For thee I grieve,
Bodily thy top is torn, frayed are thy seats and worn;
The whooping cough affects thy horn,
I do believe.

Thy perfume swells the breeze, while good folks choke and wheeze,
As they pass by.
I paid for thee a price 'twould buy a mansion twice,
Now everybody's yelling "Ice," I wonder why?

Thy motor has the gripe, thy spark plug has the dip,
And woe is thine.
I, too, have suffered chills, ague and kindred ills,
Endavoring to pay my bills,
Since thou wert mine.
Gone is my bankroll now. No more 'twould choke the cow,
As once before.
Yet if I had the mon, so help me John—amen,
I'd buy myself a car again
And speed some more.

How To Give Quinine To Children.

FERRILIN is the trade-mark name given to an improved Quinine. It is a Tasteless Syrup, pleasant to take, and does not disturb the stomach. Children take it and never know it is Quinine. Also especially adapted to adults who cannot take ordinary Quinine. Does not nauseate but cures nervousness and tingling in the head. Try it the next time you need Quinine for any purpose. Ask for Ferrilin original package. The same FERRILIN is blown in bottle. 25 cents.

HEAVY TRIAL DOKKET.

When the Circuit Court starts November 2, the term will be marked by an exceptionally heavy trial docket of civil cases, 332 having been filed with Clerk W. A. Brown up to Thursday.

SING AT POPLAR SPRINGS.

There will be a Sacred Harp sing at Poplar Springs church near Webb Friday and Saturday, October 23rd and 24th. Everybody invited to \$1.00, while the assets, including stock of goods, book accounts, etc., is about \$1,000.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advice from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

ONLY SIXTEEN, GIRL VERY SICK

Tell How She Was Made Well by Lydia E. Pinkham's Vegetable Compound.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."

—Miss ANNEA JACQUILLARD, 2961 Trempealeau St., New Orleans, La.

St. Clair, Pa.—"My mother was alarmed because I was troubled with constipation and had pains in my back and side, and severe headaches. I had phlegm on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no appetite. Lydia E. Pinkham's Vegetable Compound has worked like a charm in my case and has regulated me. I am in a mill among hundreds of others who have recommended your medicine to others."

—Miss ESTHER A. JACQUILLARD, 110 Thawing St., St. Clair, Pa.

Nothing teaches more convincingly the value of Lydia E. Pinkham's Vegetable Compound than the story of a girl who has suffered and recovered to health by Lydia E. Pinkham's Vegetable Compound should be sent to others. The same remedy has cured thousands of others.

IT PAYS TO GET GOOD PAINT!

Protection and Beauty are the two great objects in painting. Paints that will peel or crack and let in moisture gives poor protection—and is a bad investment. Paint that has cheap colors which fade cannot give beauty—and is a bad investment.

It costs no more to apply "High Standard" than poor paints, and it gives perfect protection and beauty. Lowe Brothers "High Standard" Liquid Paint sets in a close tight coat that gives perfect protection and long wear. Only fadeless colors are used, and you get lasting beauty.

That's why we sell and recommend "High Standard." We know it will give you best results.
